

PLAY FOR ALL

Play For All provides **free** at-home **play** sessions for disabled children and their families across Midlothian. Open to children with **all types of disability**, including those awaiting a diagnosis.

Sessions take place in your **home, garden or local park**. One of our play specialists will plan **activities to suit your child** and bring everything to you. We'll have fun playing, get messy, and be creative. Sessions are free of charge and arranged at a time that is convenient to you.
